Deals: 10,000

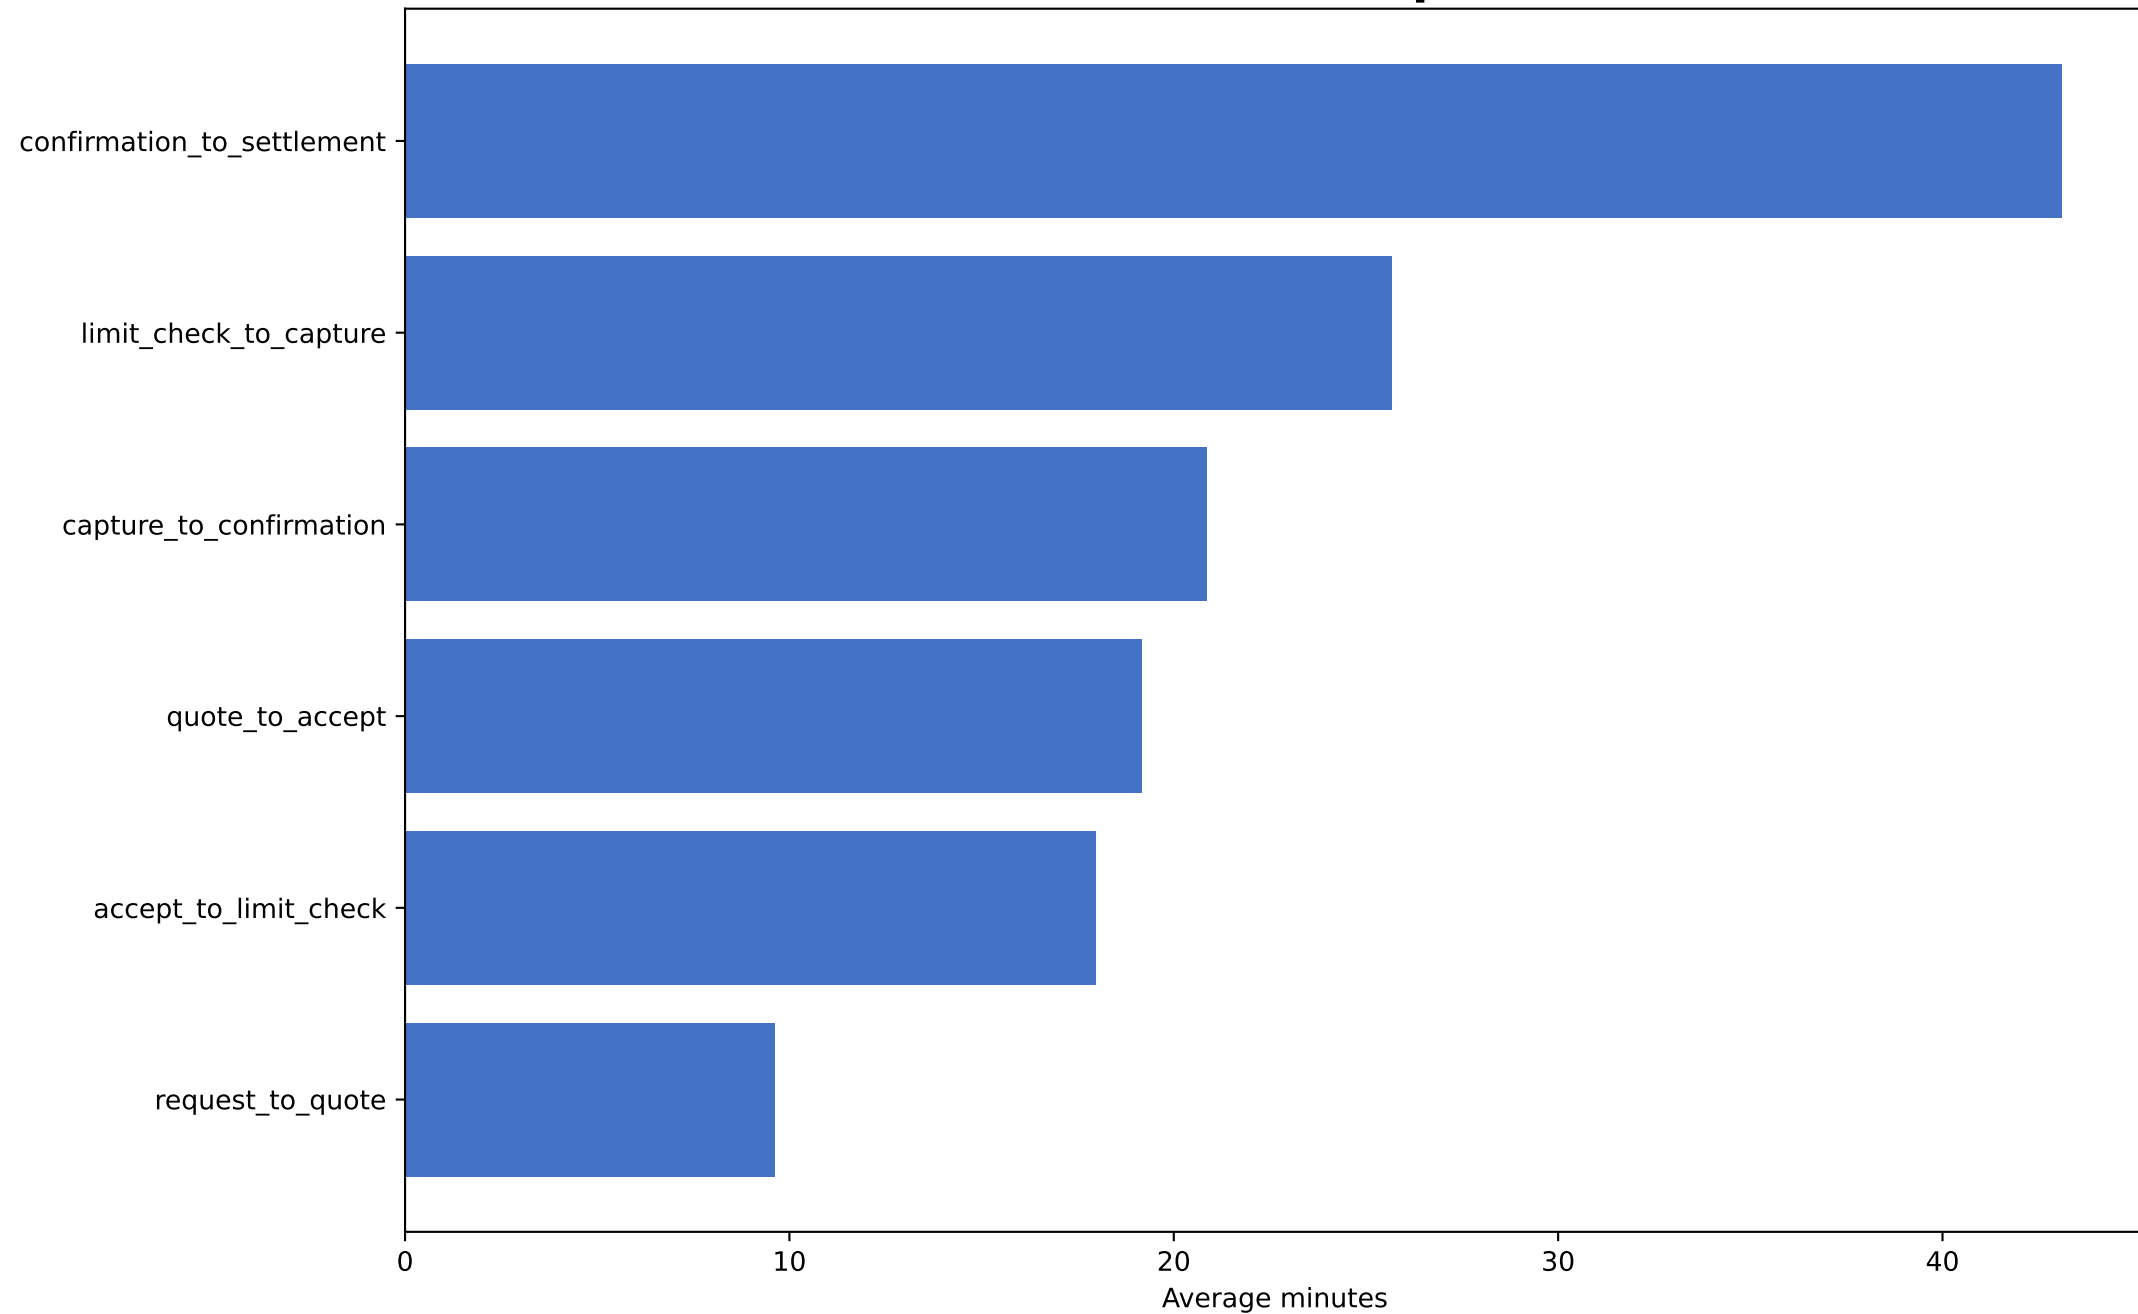

Avg time: 136.4 min

SLA breach: 13.3%

Manual processing: 50.5%

STP rate: 49.5%

AS-IS Time Decomposition

TO-BE Recommendations

- Move mandatory-field and SSI validation to request creation.
- Run limit check before trader quote request.
- Use one deal ID across Sales, Trading, Risk, Middle Office and Operations.
- Automatically capture accepted deals and generate confirmation.
- Route exceptions to a dedicated queue with SLA ownership.
